

PRODUCT TESTIMONIALS

"After spending time in Japan, I fell in love with these toilet seats. Spaloo packs all those comforts into one economical unit with much better quality! Now, I hate to use any bathroom outside of my home!"

Mario Gatto, Toledo OH, Engineer

"I am a mother of three who is physically disabled due to a spinal cord injury I suffered over 20 years ago. At first I was not sure that the Spaloo seat would be strong enough to allow me to transfer from my wheelchair to the seat without breaking it. But I discovered it is actually stronger and more durable than a regular toilet seat. It's just a great product. It lives up to its reputation. If you have any concerns about weight issues, transferring, anything like that, this is the best product your money can buy."

Maureen Simonson, Falls Church, VA, Registered Nurse

"My mother, who is 90 years old and in a motorized wheelchair, loves her Spaloo. She says it is the best gift she's ever gotten, and it's clear she's being spoiled. When comparing it to her cold, hard shower seat, she patted her Spaloo and said, "now I'm accustomed to better treatment!" I am glad I bought it for her; it's made her life (and mine) a little bit easier, and she feels like she's being pampered every day. She is also impressed by its reliability."

Dr. Marcella Marcey, Falls Church, VA, Ph.D. Clinical Psychologist
